USD \$80,000 House For Sale central, San Vito, P, Costa Rica

NEW 3 BR. 2 BATH HOME, 1366 SF.

The lot measures nearly a ¼ acre so there remains room for a garden and fruit trees. Even though the house is in the center of town the lot is hidden and can not be seen from the main road. Owned by a Costa Rican, an illness in the family has forced the sale of this property, this was not part of the plan they had when they built in 2009. San Vito's population is 10,000 not including the outlying areas or the entire township. Close and convenient you won't need a car, the city is quite complete with 3 banks, good supermarkets, several hardware stores, a good airstrip, hotels, good Italian pizza, bakeries, even Italian Cappuccino! San Vito is 3,000 ft in altitude, folks are friendly and you get that 'small town' feeling here. Property has title.

Price: USD \$80,000
